Developer with a Higher Vocational Education Diploma in Frontend Development from Medieinstitutet (2026) and experience with React, TypeScript, Next.js and API integrations. Currently studying C# and .NET at Newton to broaden my skills in backend development and databases. Structured, responsible, and keen to understand the technology behind what I build.

Education

System Development .NET, Newton Malmö: Aug 2026 – ongoing
Studies in C#, object-oriented programming, backend development and databases.
Frontend Development, Medieinstitutet Malmö: Aug 2024 – Apr 2026
Higher Vocational Education Diploma (400 YH credits) within JavaScript/TypeScript, React, API development, and testing.

Experience

Frontend Developer (Internship) – RelowCode / RSD Group (Hoverlabs)
Sep 2025 – Apr 2026
- Developed web applications using React and Next.js
- Worked with API integration, authentication, and user management
- Collaborated in a team and adapted solutions based on feedback and changing requirements

Skills

React • TypeScript • Next.js • Node.js • Firebase • Git • HTML • CSS • API integrations • UX/UI

Work Experience

1999 – 2024
Flexographic Printer – Trioworld, Landskrona
Worked in a production environment with high quality requirements. The role involved problem-solving and responsibility, both independently and in collaboration with others.

Languages & Other

Languages: Swedish (native), English (good proficiency), Spanish (good proficiency)
Other: Driver's license (B), Forklift license (A & B)

Portfolio

A selection of my projects:
